REPORT

1985-86

## FIRST TEAM REPORT 1985/86

First of all the facts: this season we won 12, drew 6 and lost 6 of our 24 games, scoring 77 times and conceding 48 goals; thus ending up with 30 points from a possible 48, which is one less than last season. In all we used, according to my reckoning, 26 players - which must be something of a record in itself - and my thanks go to each one of them for their efforts on behalf of the team this season. Thanks also to Bill Hind and Maurice Dawson for their support in the difficult task of team selection and to the other members of the Executive Committee.

We started the season with high hopes after improving through the latter part of last season to eventually finish fifth, three points behind the second placed club. However, after three excellent friendlies, we had to play Heron and Co-op who were the form teams at that time and only took two points from three games against them. Also at that time we crashed out of both cups: 3-8 to AFC Favourite, who went on to be a force in Division 4; and 2-3 to Edlesborough side Rule and Square, who would not have surprised me had they not won another game all season.

Results through November failed to improve, with the notable exception of a 6-1 thrashing of Park Town who were previously unbeaten. Our League record, then, on 17th November 1985 was:

P.10 W.3 D.3 L.4 F.31 A.27 Pts.9/20

Obviously a reorganisation was necessary (dare I say that I played in the next three games?). Steve Blackhurst, Alan Palmer and Phil Clarke had been brought into the side and begun to make their influence felt. Things continued to improve, the team stabilized and this turned out to be the start of a run of 14 unbeaten games (including 2 friendlies). The last three of these deserve special mention since they were against two sides challenging us for the runners-up spot to Renault Dodge Reserves, who were running away with the league. We thrashed Royal Oak 5-1 on a windy, rain-sodden Lothair Road pitch, before beating Valley 7-1 and 5-1 in two more superb performances. This left us with two final games against Renault. On a windy Tuesday night we lost to a late solitary goal and on the following Sunday, after having been in the lead three times, we finally lost 3-4.

The disappointment of those two results was enormous, but in the context of the whole season it must be said that in view of the early results, it has been a magnificent achievement to finish third in the league (with still a slight chance of the runners-up spot as I write).

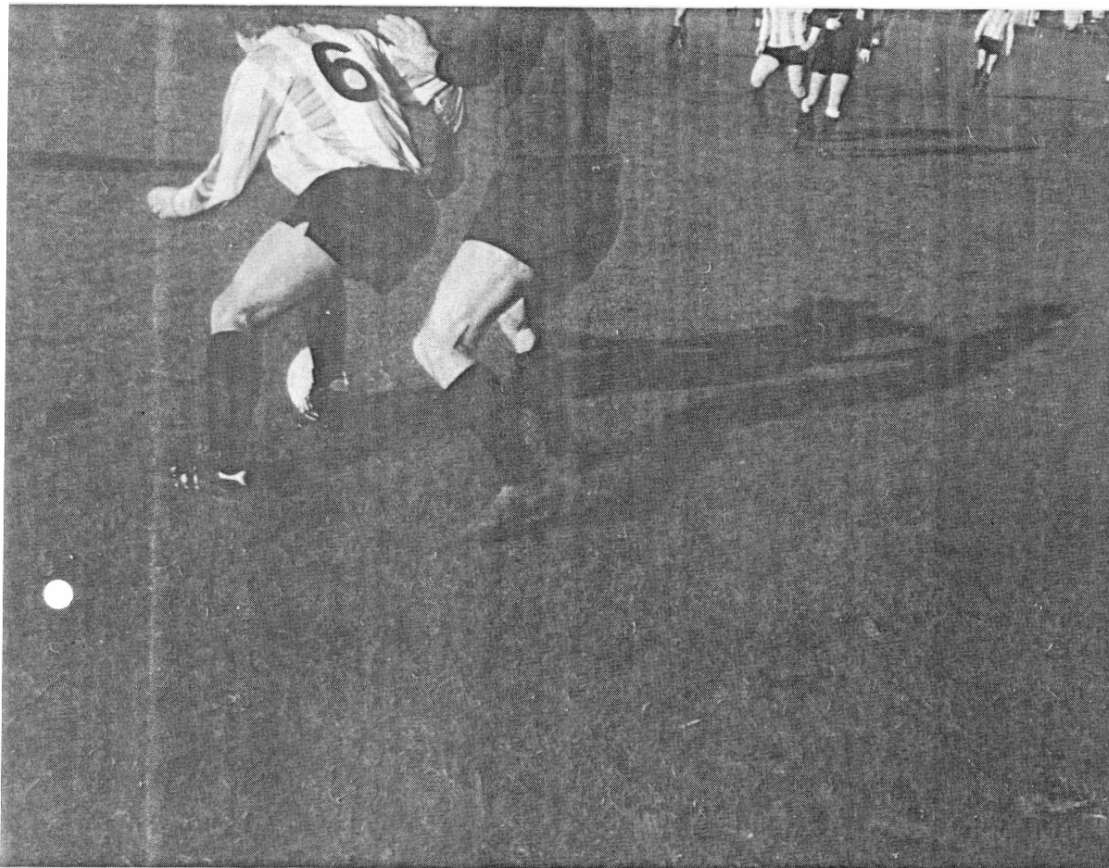

Once again, we have learned the lessons of the season and next season could well be the best the club has had for years, providing we can maintain our impetus.

Well done to all the players - and next year let's make sure right from the start.

Steve Smith

## 2ND TEAM REPORT 1985/86

A seemingly successful season but a very unsatisfactory season. We have had some very good results and played some excellent football, notably in the 1-0 victory over Leawood Albion and the display against Midbank before Christmas. However, having grafted our way to the top of the league, and having spent nearly half the season there, we gave away silly results in the latter part of the season to teams who should never have stood a chance. The 1-0 away defeat at Wells Star, 2-1 against Kingsbury and 4-3 against Vauxhall, the loss of these points costing us a promotion place.

This season has seen a continuation of faults which have been recurring for many seasons, silly back passes, not releasing the ball, ignoring calls, wayward passes etc. and sometimes pure disinterest, all of which seemed to plague the second team. However, when you have played over 42 players (at last count), sometimes completely out of position, and turned out with a different back four and very often midfield, I suppose these things should be anticipated.

We have scored, I think, a record number of goals this season, (we don't talk about how many we've conceded) but when you look at the distribution of these goals the value of having one consistent striker is illuminated. I pray that for next season one may yet sign on and we may then keep at least one in the second team.

Thanks go, to all players from all teams for their support, Steve Smith, who has done a wonderful job for the first team, and Maurice and John, for their help and understanding (the third team even let me play sometimes), Dave conscientiously performing the Captain's job, Mick for his constant help and support since his comeback, Andy Thompson for agreeing to come back and having some superb games before he regretably retired from league football (no one will ever forget his heading at ground level), Kevin Tye and Mick Meehan for their help in emergencies, Al Mayman for his help and nagging away in the background, Steve Moreton for an efficient job (Steve I owe you no money), Dave Pymont for his support, help and advice, and finally to Anna for her background help and support, for the team and me, especially whilst I was ill and her tolerance of yet another of my commitments.

Highlights of the season, the 12-1 victory over Beds. Police on Kelvin's 250th appearance (Alan Palmer netted six but we still couldn't set one up for Kelvin), 7-2 against Laporte, 5-5 against British Rail when we equalised from a last minute penalty and many more enjoyable memories.

Regrets of the season, silly defeats, losing Alan Palmer and Phil Clarke before Christmas, not being able to persuade Dave Corbett to put on his boots and the fact that we didn't finish top of the league.

Without access to an accurate league table at the time of writing, we should finish in 6th or 7th position (8th last season).

It only remains for me to wish the second team every success for the coming season and hope that all players would take a positive attitude to the club.

W.R Hind  
Manager

### 3RD TEAM REPORT 1985/86

The team's most successful season so far has just ended and I am delighted to be able to record the following line of statistics.

Matches				Goals	
Played	Won	Drawn	Lost	For	Against
30	18	5	7	119	77

Whilst I am no statistician, I feel sure several records have been broken this season: amongst them the number of wins recorded and number of goals scored. I think all third team players (and 38 different ones have worn the red and white stripes at least once this season), would agree that the most significant single factor contributing to the team's success this season has been the arrival at the club, of two great players, Jack Bannister and Ken Souster. Their pedigree well proven, each has produced outstanding performances week by week which have had the effect of inspiring other team members to achieve greater heights than ever before.

Alongside our newcomers have played many stalwarts of ten years or more standing with the club. The result has been a most satisfying blend. The team has consistently played attractive, skilful football and excellent team spirit has been maintained throughout the season.

Amongst the season's highlights, mention must be made of the fixture played at Kenilworth Road on Luton Town's new synthetic pitch. For most of us, to have the opportunity of using a First Division League Club's pitch and facilities was a great thrill - winning on this occasion, was just a bonus! It is hoped a repeat match will be arranged next season. Equally satisfying was the early season defeat by 4-2 of Luton Round Table at Lancaster Avenue despite the best efforts of 'Harry' to make things difficult. (Third team regulars will know what I mean!!). Worthy of mention but for quite a different reason is the 9-1 defeat we suffered at the hands (or feet) of St. Michael's, Stevenage. Jimmy Gahagan in particular will long remember that one because an opposing player scored seven goals past him, most of them from 'impossible' angles and or distances. Unlikely as it may sound, neither Jimmy nor the back four played that badly that morning. It was just that whenever we closed down this particular opponent, usually well outside the penalty area he just had a shot from where he stood and every single one went in! The most spectacular goal of the season was undoubtedly Tony Riley's 40 yard drive during the match against Central Round Table. (Speak to J. Gahagan Esq. for further details!).

As always, many people are deserving of thanks; to Bill Hind and Steve Smith for their close co-operation and willingness to loan players when we were short; to Phil Charles for giving up numerous Sunday mornings to referee our home matches (and some aways) and to Dave Woollaston for making Icknield High School's pitch available to us for home matches from January onwards. Finally, to all third team players, regulars and casuals alike, thanks for making it a season to remember as well as ensuring the job of John and myself was easy. Spirit has been consistently high and dissent non-existent. To those players who would like to have played more games than they did, I can only say 'Sorry - I do feel for you'.

The temptation throughout the season has been to stick to a winning team whenever possible, consequently some loyal, long-serving club members have played fewer matches than they would have liked yet not a moan has been heard.

Farewell 1985-1986 - Roll on 1986-1987.

**Maurice Dawson**
