Under 12 Cougars Blacks Manager's Report - 2021-22

If resilience, passion, desire and team spirit were the measures of success, the Cougar Blacks would be top of the premiership!! The team continued to build, evolve and develop in the season as well as strengthen as a unit.

Some interesting fixtures across Bedfordshire against a wide ranging strength in teams.

Arguably, there were at least three teams who were in the wrong league who were determined to win at any cost – the stand out fixture was when we were 4 – 3 up away from home, no centrally appointed referee and ended up playing 10 minutes of injury (!) time resulting in a draw.... In the main we fared well – three big defeats (one in the cup and the other two against one of the aforementioned sides. Apart from that, a handful of wins, a number of draws and some close games that didn't go our way!

We have secured a goalkeeper (Felix) during the season and identified a number of players that provide strength in numbers at the back – this has meant a stronger second half of the season to reduce the leakage of goals to keep us in the games we are playing.

Next season bodes well – we have 5 / 6 new signings to boost the squad to 18 in time for 11 a side fixtures next season. We can already see the team starting to form and we are looking forward to becoming stronger competitors next year!

Finally, none of the above would be possible without the unwavering commitment of both players and the support from parents – we look forward to doing it all again next season – thank you all and welcome to all new joiners and their families.

Adrian Speed
